For Immediate Release

Chin Track Days and Öhlins USA are very excited to announce that Öhlins USA has renewed its agreement to be the Title Branding Partner for all upcoming track day events held at Road Atlanta and Atlanta Motorsports Park during the 2020 season.

Bob Schuetz, the Vice President of Sales and Marketing at Öhlins, states "With 20 years of track day knowledge, Chin offers the ultimate experience and has set the Gold Standard for High Performance Track Days. We love the fact that they emphasize driving education which enables drivers to take full advantage of our suspension products."

Mark Hicks, the COO of Chin Track Days, believes partnering with Öhlins gives our customers the opportunity to interact with a top tier suspension company whose roots are embedded in racing.

#### **About Chin Track Days:**

#### **About Öhlins USA™**

Öhlins USA, a subsidiary of Öhlins Racing AB, is an advanced technology company, which develops, manufactures, services and distributes Öhlins premium suspension systems to the automotive, motorcycle and bicycle markets. With a strong background in global racing from NASCAR, MotoGP, Formula 1, FIA World Endurance, World Rallycross, and World Superbike, it continues to lead the market for premium performance suspensions worldwide. It is now part of the DRiV™ Advance Technologies Group of Tenneco.

#### **About DRiV™ - the future Aftermarket and Ride Performance Company**

Following Tenneco Inc.'s (NYSE: TEN) expected separation to form two new, independent companies, an Aftermarket and Ride Performance company (DRiV™) as well as a new Powertrain Technology company, DRiV will be one of the largest global multi-line, multi-brand aftermarket companies, and one of the largest global OE ride performance and braking companies. DRiV's principal product brands will feature Monroe®, Öhlins®, Walker®, Clevite® Elastomers, MOOG®, Fel-Pro®, Wagner®, Ferodo®, Champion® and others. DRiV would have 2018 pro-forma revenues of \$6.4 billion, with 54% of those revenues from aftermarket and 46% from original equipment customers.
